Other school service notes:

- Individually packaged orders for ship-to-photographer and drop-ship can be grouped by class, grade or any division.
- No software fee for orders entered in-office.
- Data from **Photolynx™** can be imported into CORE at no cost. (No re-keying!)
- Cost effective cut outs (TKO or chroma key)
- Order & data entry available!
- Create proof sheets and other marketing pieces using CORE at no cost!
- Offer the CORE Admin Portal at no cost.

CCS customers have a lot of options when it comes to schools. However, we truly believe that if you want to **book more** schools, then using **View First™** marketing and our ecommerce platform is the way to go. Plus, **make more** money using our ship-to-home services which schools love!

Ecommerce fees start at 2% for pre orders and then range from 5% to 9% (based on file sizes. See software. Fees reduced with volume.)

FREE Administration Portal

Make schools happy with this web-based, self-serve portal for clients who enjoy more control. Give administrators the ability to review images & yearbook selections, select poses and run reports without the need to contact your office.

This great booking tool will also allow admin to:

- See who has not been photographed
- Download complimentary PR images
- Export names & data for field trips/events
- And more!

Virtual Groups™ make great class pictures!

School Artwork, Units & Composites

Candid Color Systems® offers dozens of designs or “styles” and unit configurations which can be customized using school logos, text and colors! Get custom graphics without templates or photoshop! Custom artwork and additional unit options available.
